JOIN THE OFFICE OF SUSTAINABILITY, ATLANTA FIRE RESCUE AND THE ATLANTA LOCAL FOOD INITIATIVE (ALFI) – February 25 through March 17th

Atlanta City Council President Ceasar C. Mitchell and Members of the Atlanta City Council,

You are cordially invited to attend the installation of fruit tree orchards at Atlanta Fire Stations. The Atlanta Fire & Rescue Department (AFRD) is partnering with the Atlanta Mayor's Office of Sustainability (OOS) and the Atlanta Local Food Initiative (ALFI) to plant orchards at five Atlanta Fire Stations in coming weeks. These orchards will provide an opportunity for fire departments and the communities in which they serve to learn more about locally grown food and have access to fresh, sustainably grown fruit for decades.

This exciting initiative reflects a collaboration between the ALFI Orchard Project, which donates edible orchards to teach, feed and inspire communities in Atlanta, and the Atlanta Fire Station Garden Project, which is building urban agriculture projects at nine of the City's fire stations. The ALFI Orchard Project is pleased to donate the 30 fruit trees, bushes and vines that will be planted at five of the Atlanta Fire Station Garden Project sites.

Location and dates of each planting are listed below. We hope you will join us to celebrate

the planting of these orchards and a fruitful future for Atlanta.

For more information on the events listed below, please contact Ruthie Norton (rnorton@atlantaga.gov) or (404) 335-1902

Office of Sustainability
